THERE is no family medicine so favorably known as PAIN-KILLER. For sixty years it has been used by Missionaries in all parts of the world, not only to relieve the climatic influences on their families, but for the cure of all kinds of the bowels, and for wounds, burns, bruises, etc. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

## [Advertisement.]

The following ticket is offered to the voters of the town of Manning to be voted in the municipal election which takes place April 10th:

Intendant - Dr. W. E. Brown.

Wardens - J. H. Rigby, I. M. Bagnall, W. C. Chandler, Louis Levi.

The scarcity of building material, and the growing demand for such, is causing some of our citizens to seriously consider the advisability of starting a brick factory on a large scale; one that will not only supply the local demands, but that will have a capacity sufficient to compete for foreign markets.

Wm. Orr, Newark, O. says, "We never feel safe without One Minute Cough Cure in the house. It saved my little boy's life when he had the pneumonia. We think it is the best medicine for coughs, colds and all lung diseases. Pleasant to take, harmless and gives immediate results." D. O. Rhame, Summerton; Dr. W. M. Brockington, Manning.

The Communion meeting in Manning Presbyterian Church will include next Sabbath, April 1st. Rev. E. Geddings Smith, of Greensboro, Ga., is expected to preach next Friday night at 8 o'clock; on Saturday at 11:30 a. m., and Sabbath at 11:30 a. m., and 8 p. m.

JAMES McDOWELL.

Col. T. Martin Mims, of Silver, was in town Saturday showing a stick which was presented to him by a friend. The stick was of hickory and cut from the field where the battle of Cold Harbor was fought on the 1st day of June 1864, and in which conflict 18000 men were killed in 30 minutes. Colonel Mims is very proud of the stick and he proposes to keep it and make it a family heirloom.

Mrs. Calvin Zimmerman, Millsboro, Pa. says, "As a specific for coughs, colds, croup and sore throat One Minute Cough Cure is unequalled. It is pleasant for children to take, and a recommendation to mothers. It is the only harmless remedy that produces immediate relief in every case of pneumonia, grippe and throat and lung diseases. It will prevent consumption." D. O. Rhame, Summerton; Dr. W. M. Brockington, Manning.

Who of our business men are willing to put some money in THE TIMES? We have been running this paper for years and it is at a considerable expense. We employ labor, and that money is spent among our merchants, as well as the cost of our own living. Now we have a little scheme, which will lighten up on us if we can work it. We want every merchant in this town to take stock in THE TIMES; we will retain a controlling interest, and if we make any money we will give it up in the way of a salary, for "the laborer is worthy of his hire," but should we lose, then the loss will be not so great on us individually, because our stockholders through their thick-skulled liberality will share it. See?

There are a few individuals in this town who are taking some interest in the coming municipal election, but they are of a class that have a personal interest in the result. What we want to see, is an interest taken by those whose property is to be taxed; it is very well to let things jog along to run as they please if every thing runs smoothly, but should there come a time when obstacles are thrown in the way, then we want men at the head of affairs who can overcome the obstacles. If Manning is to shake off her swaddling clothes and assume something like a growth, the way to show it is in her selection of her town authorities. As long as we are content to elect an Intendant and Wardens with a view of giving the positions of policemen to that, or that one, or the clerkship to another, just so long will we remain in the back ground. Let there be a public meeting at which the voters will select a council for the ensuing term, then it will be the selection of "citizens" and "tax-payers," and not the work of one or a few individuals. The proper judgment is, I intend; it has been the custom in the past and we hope it will be continued.

## A Life and Death Fight.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I was doomed. I began to use Dr. King's Discovery for Croup, Croup, which completely cured me. I would not feel safe without it." Quicker cures, colds, grippe and all ailments. D. O. Rhame, Summerton; Dr. W. M. Brockington, Manning.

## August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and sailors, or for persons filling other positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at the R. B. Loryea Drug Store. Isaac M. Loryea, Prop.
